**REQUEST FOR CORRECTION OF FILING RECEIPT DATA**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir/Madam:

We are in receipt of the Filing Receipt and Updated Filing Receipt in the above-identified application.

Please correct the error in the Filing Date. As evidenced by the attached copies of the New Utility Patent Application Transmittal, return Postcard, and Express Mail Label as filed in the U.S. Patent and Trademark Office, the correct filing date of the captioned application is November 20, 2003, instead of November 21, 2003, as indicated on the Filing Receipt.

We have enclosed marked-up copies of the Filing Receipt and Updated Filing Receipt noting the correction. With the requested correction, the Filing Receipt will reflect the correct date in which the Applicant filed the application with the U.S. Patent and Trademark Office.

The Filing Receipt is incorrect due to an error by the U.S. Patent and Trademark Office. It is our understanding that there is no fee due for this submission. If a fee is required for this submission, please charge the fee to Deposit Account No. 19-3878, for which a duplicate copy of this sheet is attached.

Please do not hesitate to contact the undersigned at the telephone number listed below if you have any questions.

Respectfully submitted,

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
